

2017 RECREATION **GTS™**

The GTS offers unbeatable value for money with features usually found on higher-priced models. Offering perks like the most fuel-efficient engine in the industry, new lightweight/high-strength Polytec material and more storage than the competition.

RIDER CAPACITY

Weight capacity 600 lb / 272 kg

DIMENSIONS

Fuel capacity 15.9 US gal / 60 l
 Length 132.6" / 336.8 cm
 Width 48.5" / 123.1 cm
 Weight (dry) 630 lb / 286 kg
 Storage capacity 30.8 US gal / 116.6 l

ENGINE

Type Rotax 900 HO ACE
 Intake system Naturally aspirated
 Displacement 899 cc
 Cooling Closed-Loop Cooling System (CLCS)
 Transmission Direct drive – Forward only
 Starter Electric
 Fuel type 87 octane

White & Orange Crush

HULL

Type GTI
 • Medium-sized platform
 • Moderate V hull
 • Forgiving and nimble

ROTAX® 900 HO ACE™ ENGINE

GTI HULL WITH POLYTEC™ MATERIAL

RF D.E.S.S.™ KEY AND LEARNING KEY

DRIVING CENTER WITH ECO™ MODE

HANDLEGRIPS WITH PALM REST

SEA-DOO DRY BAG (OPTION)

ENGINE

899 cc four-stroke, Rotax with three cylinders in-line and four valves per cylinder

iTC™ (Intelligent Throttle Control) system

iControl® Learning Key®

D-Sea-Bel™ system

Closed-Loop Cooling System

The most compact and lightweight engine on the market today. The Rotax 900 HO ACE incorporates crisp acceleration, impressive fuel economy and an excellent power-to-weight ratio.

Operating electronically, this advanced throttle system features activity-specific Touring, Sport and ECO modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.

The Learning Key allows you to limit the performance of the PWC based on rider skill-level.

Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.

Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.

FEATURES

Polytec

The hull is made of Polytec material, a recyclable, low density and high-impact composite material that includes polypropylene and long glass fiber reinforcements. It was designed to maintain the structural integrity of the watercraft under stress while providing light yet durable parts to support the construction of the product.

iControl

The "Brain" that integrates and controls all systems to create the best possible ride.

Touring mode / Sport mode

Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.

ECO mode

This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.

3-up seat with thermoformed vinyl

Comfortable room for three – permits rear-facing spotter for watersports and features waterproof, UV resistant material for additional durability.

Elevated fuel filler

Easy access and prevents water intrusion while refueling.

RF D.E.S.S. Key

With radio frequency technology and a ball-and-socket design, the Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.

Off-Throttle Assisted Steering (O.T.A.S.®)

Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.

Interactive Multifunction Digital Information Center

Fuel level, Tachometer, Speedometer, Touring mode, Sport mode, ECO mode, Hour meter and more.

Handgrips with palm rest

Rear grab handle

Sponsons

Seat strap

Bumpers

Front splash deflector

Wide-angle mirrors

Dual drain plugs

Tow hook

Flush kit

Footwell carpets

Emergency floating lanyard

Swim platform carpet

Operator's guide, instructional video and booklet

PROPULSION SYSTEM

Sea-Doo Direct Drive propulsion system

Delivers optimum performance with the Rotax engine.

Stainless steel impeller

Delivers improved acceleration, higher top speed and less cavitation.

OPTIONS

Reboarding Ladder
 Retractable Ski Pylon
 Wakeboard Rack
 Shock Tube
 Depth Finder
 Sea-Doo Speed Tie™
 Dry Bag
 Ski Tow Eye
 Front Storage Tray
 12-Volt Outlet and Installation Kit
 Safety Equipment Kit
 Bilge Pump Kit
 Sandbag Anchor
 Fire Extinguisher
 Snap-in Fenders and Installation Kit
 Sea-Doo Move Trailer
 Watercraft Cover

WARRANTY

BRP limited warranty covers the watercraft for one year.
